

# Examine your options with the DRP ANALYZER.

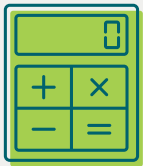

## HOW DOES DAIRY REVENUE PROTECTION (DRP) FIT INTO YOUR RISK MANAGEMENT PLAN?

Compeer Financial® knows that DRP is an important tool for dairy producers with the uncertainty of today's dairy markets and how critical it is that you have access to tools that help you utilize DRP effectively. We have partnered with Marin Bozic from the University of Minnesota, who is one of the developers of the DRP program, along with several other Farm Credit Associations to offer the Farm Credit DRP Analyzer. This exclusive free program provides our DRP clients all of the information needed to make informed DRP coverage decisions in one place.

### GET DRP ANALYZER

Contact your Insurance Officer to get access today.

#### PREMIUM QUOTER

Access current quotes, receive customized quotes and market dynamics updates via email, view up to 10 years of historical DRP performance data, perform what-if analysis to better understand how DRP will work for you in different scenarios.

#### ENDORSEMENT TRACKING

Track active endorsements, view individual endorsement details and see current indemnity projections for your endorsements.

#### MARKET DYNAMICS

Follow price trends and set up price alerts. View calendar of important dates that impact DRP.

#### OPERATION OVERVIEW

Incorporate up to three years of historical data for your farm including monthly butterfat and protein tests, mailbox milk prices, total milk marketings and cost of production so that this information can be factored into your DRP coverage decisions.

#### The Farm Credit DRP ANALYZER

is a one-stop shop for DRP updates and information specific to your operation, allowing you to make more effective risk management decisions.
